2.2 The knowledge about where I am and where the environment is .....	23
<b>References</b> .....	29

In the Niche  
There I am secure.  
  
I touch  
What is on my back  
What is next to me.  
  
I recognize  
The world around me  
And myself.  
  
Now I can also look  
What is in front of me and hear  
What is happening in the distance.
